#### A Great Mistake.

A recent discovery is that herdache, dizziness, duliness, confusion of the mind. etc., are do to derangement of the nerve centers which supply the brain with nerve force; that indigestion, dyspepsia, neuralgia, wind in stomach, etc., arise from the derangement of the nerve centers supplying these or-

ment of the nerve centers supplying these orcans with nerve fluid or force. This is like wise
frue of many diseases of the heart and lungs.
The nerve system is like a telegraph system,
as will be seen by the accompanying
rat. The little

the nerves which
ronvey the nerve
force from the
eerve centers to
every part of the
body, just as the
electric current is

The silver wing of the Republi can State Convention unanimously adopted the following platform: The convention endorses and adopts the platform of the Repub-Leas State Convention, held at Va city on the 30 of April last, as fol-

lows; Resolved, That we condemn the Republican party of the Eastern states and the administration of President Harrison, insofar as they have failed to accomplish the complete remonetization of silver, and to enact laws providing for the free and unrestricted coinage of that metal.

Resolved, That the restoration of silver to the place it a capled previous to the passage or the Mint Act of 1873, is essential to the prosperity of the country and paramount to all other political considerations. The legislation which robbed silver of its money functions and denied to the owner of sliver bullion the right to have the same coined into money upon the some terms and conditions which apply to the coinage of gold reduced the money of ultimate redemption or payment, about onehalf, and enabled the owners of money and obligations payable in money to monopolize the coin of the commercial world.

Resolved, That the people of Nevada are in favor of the coinage of silver upon the same conditions which apply to the coinage of geld, and they are opposed to elevating any person to office who is not known to be unequivocally in favor of opening the Mints of the United States to the free and unlimited coinage of silver.

In view of the unsatisfactory attitude of President Harrison to the paramount issue of the remonetization of silver, this convention will make no neminations for Presidential electors and the State Central Committee to be appointed by this Convention shall have no authority to put in nomination elec-

The Convention cordially enderses the vigorous efforts of our Senators and Representatives to secure the free and unlimited coinage of silver, and the educational work that they have done in presenting the true issue between the money powers and the bondholders and laborers and producers of

And we favor the continuation of agitation and contention for the free and unumited comage of silver at the present ratio of 16 to 1, for their own benefit and for the pencift of the people at large miners, farmers, laborers and me

chanics. The citizens of Nevada, representatives of the various silver leagues, irrespective of past party affiliations, in convention assembl-300 NICE ROOMS. ed, do set forth the following declaration of principles:

Fist. We demand the full remon tization of sliver and the free and unlimited coinage thereof, at the present ratio of 16 to 1

Second. We are radically and unalterably opposed to the Nation al Republican and Democratic parties on the question of the free coinage of silver and we denounce the action of their recent national conventions as inimical to the material interests of the people of the United States, and especially to those of Nevada and all the other Jobbing promptly attended to. mining states and territories, and All work guaranteed. On King we therefore repudiate the nominees of their corvention.

Third. We pledge the nominees of this convention for Presidential electors to support no man for President or Vice-President of the United States who is not unequivocally in favor of free coinage as defined by this convention. We reseave to the silver leagues of Nevada, in Convention assembled, \$1 the right of directing said Presidential electors for whom to cast their votes, should contingencies GEO. S NIXON, require.
